Corrective Action Tracking,
Incident Investigations etc.

A screenshot of a web browser window titled "Injury - Microsoft Internet Explorer". The page displays a form titled "Tela para Preenchimento do Formulário Simplificado" (Simplified Form Filling Screen). The form is in Portuguese and contains several fields for injury reporting. Fields include "Caso número" (Case number) with value "2006-051", "*Data do Acidente" (Accident date) with value "07-06-2006", "*Localidade" (Location) with value "Bardstown - Tower Automotive", "*Tipo de relatório" (Report type) with value "Injury", "*Primeiro Nome" (First name) with value "Paul", and "*Último Nome" (Last name) with value "Rodrigues". There are also dropdown menus for "Função" (Function) with value "Temporary", "Parte do corpo" (Body part) with value "Pulso/Mão/Dedo" (Wrist/Hand/Finger), and "Tipo de acidente" (Accident type) with value "Corte/Laceração/Punção" (Cut/Laceration/Puncture). A section for "Onde ocorreu o evento" (Where the event occurred) contains the text "Press 9". Below this is a table for adding days of absence or activity restriction, with columns for "Tipo" (Type), "Data de início" (Start date), "Data válida" (Valid date), and "Notas" (Notes). The table has one row with a dropdown for type and empty date fields. At the bottom, there is a "Fatalidade?" (Fatality?) checkbox, a "Data do falecimento" (Date of death) dropdown, and "Salvar e fechar" (Save and close) and "Cancelar" (Cancel) buttons. A language dropdown menu is visible in the top right corner, showing options like Portuguese, Deutsch, Dutch, English, Italian, Korean, Polish, Portuguese, and Slovakian.
